BRAND GUIDELINES

PIDEC (the Product Innovation, Design, and Engineering Community) was born to be the high-voltage bridge across that gap. It isn't just a meeting ground; it is a high-stakes arena designed to foster a collaborative ecosystem where Product Designers, Engineers, and Project Managers collide. The mission is clear: to fuse these distinct disciplines into a single, unstoppable force of innovation

Mission

To provide a high-octane competitive platform where each engineering department demonstrates its unique technical mastery by building functional prototypes that solve real-world industry challenges through discipline-specifc innovation and mentorship.

Core Values

1. Collaboration and Respect
2. Integrity and Fairness
3. Learning and Growth
4. Innovation with Purpose
5. Accountability and Ownership
6. Excellence

Logo Icon

The PIDEC mark fuses departmental lines into a star of triumph and an engine wheel of precision, symbolizing the synergy needed to bridge design and engineering to build champion solutions.
